SUPPLIERS OF SMALL SCALE SIZE  
WOOD AND MOULDINGS

## **SPECIALIST WOOD FOR MINIATURE WORK**

We are pleased to present our latest catalogue, which now includes 18" sheet wood, strip wood, and many new mouldings. We have added a larger range of 18" picture frame mouldings and an extensive selection of ready-made picture frames.

(Any special requirements not listed please telephone for availability.)

Wood Supplies were established with the aim of supplying high quality small sizes of wood for miniature work and model making. We offer many species and sizes of sheet wood, strip wood, wooden architectural mouldings, wood turning and carving sections, oak Tudor beams, floorboards, plywood and Perspex, plus many other sections all suitable for internal and external joinery and fittings for twelfth and other scale dolls houses, shops, miniature furniture, and much more.

The wood is carefully cut, planed and sanded in our own workshop after being selected for its fine straight grain, freedom from knots and defects, easy workability and stability, good colour and ability to take a fine finish, and most importantly, coming from properly managed sustainable sources.

We supply many of the countries finest and best known professional makers and will be attending many shows during the year where our full range of wood will be on sale including:- The London Dolls House Festival, N.E.C. Miniatura, Tom Bishop's London Show, Alexandra Palace plus the following:- Sandown Park, Kempton Park, Epsom, Dorking and Lyndhurst.
